With the world moving towards sustainable farming with about 110 million hector under natural farming, in India the area under sustainable farming is about 3.6 million hectores, said Giriraj Singh, Union Minister for Textiles on Thursday (September 19, 2024).

However, according to the Minister, about 20% to 27% of Indian farmers currently use green and organic fertilizers which is about the same ratio as in the rest of the world.

“We need to stop using chemical fertilizers as it is both harmful to the soil and human health, for a healthy India organic is the way,” he said, adding that Innovation in farming, including working on bio-fertiliser was critical for the country’s further development.

Mr. Singh was speaking at an event organised by Multiplex Group, a biofertilizer and farmer supportive company, based in Bengaluru.

The Minister further said the Union government’s goal was to become carbon neutral by 2030 and by 2070 the country would be carbon negative. “Bio-fertilizers, sustainable farming, e-tractors, e-vehicles all will help in achieving our sustainable goals,” he added.

Ram Nath Thakur, Minister for State, Agriculture and Farmer Welfare, Government of India, stressed the need for supporting the country’s farming community in adopting sustainable farming practices. He urged Multiplex and other organic fertilizer manufacturers in the country to focus on providing innovation and cost effective solutions for farming.

Minister for Agriculture, Karnataka,. N. Cheluvaryaswamy, said Indian farmers have to adopt organic fertilizers and natural farming and Multiplex Group, a company from the state, has been leading the way in bio fertilizers in the country.

Mahesh G. Shetty, Managing Director of Multiplex Group of Companies said, “Throughout the past five decades, we have transformed challenges into opportunities, making significant strides in key areas of achievement: namely Innovation, Service, Research & Development, Community development, Sustainability.”

Multiplex which is into biofertilizers, biopesticides, nutrients and bio-stimulants, has presence in 17 countries.

Multiplex Group celebrates 50 years of Innovations in Agriculture

India to be carbon neutral by 2030: Giriraj Singh

Bengaluru, (GC) : Multiplex Group, one of the leading agricultural companies in India, celebrated its 50th anniversary today. Shri. Giriraj Singh, Minister of Textiles, Government of India, along with Shri. Ram Nath Thakur, Hon Minister for State, Agriculture and Farmer Welfare Government of India, Shri. N. Chaluvaraya Swamy, Minister of Agriculture Government of Karnataka, HRH Prince Saud bin Abdul Aziz Bin Abdullah bin Saud, Prince of Saudi Arabia, Shri. Mohamed Ahmed Awaleh, Minister of Agriculture, Republic of Djibouti, Shri. T. B. Jayachandra, Former Minister, Government of Karnataka, Dr. G P Shetty, Founder Multiplex Group and Shri Mahesh G Shetty, Managing Director of Multiplex Group of Companies inaugurated the Golden Jubilee celebrations of the Multiplex group today in the city.

While delivering the inaugural speech Shri. Giriraj Singh, Minister of Textiles, Government of India said that country will develop through innovation in farming. Bio-fertilizer is the future and the right way to approach farming. He said that the world is moving towards sustainable farming and about 110 million hector is under natural farming across the world, while in India the area under sustainable farming is about 3.6 million hectors. He said that about 20 to 27% of the Indian

farmers currently uses green and organic fertilizers which is about the same ratio as the world. Multiplex is leading the way in production of organic fertilizers. According to him we need to stop using chemical fertilizers as it is both harmful to the soil and human health, for a healthy India organic is the way.

Shri Giriraj Singh stated that the government of India's goal is to become carbon neutral by 2030 and by 2070 the country will be carbon negative. Bio-fertilizers, sustainable farming, e-tractors, e-vehicles all will help in achieving our sustainable goals.

Mahesh G Shetty, Managing Director of Multiplex Group of Companies said "As we celebrate our Golden Jubilee, we stand at a pivotal moment

in our journey, reflecting on 50 years of dedication, growth, and remarkable achievements. This milestone serves as a testament to the collective efforts of all who have contributed to our legacy, from our visionary founders to our present-day leaders, farmer community, staff, dealers and stakeholders".

"Throughout the past five decades, we have transformed challenges into opportunities, making significant strides in key areas of achievement: namely Innovation, Service, Research & Development, Community development, Sustainability etc. Our unwavering commitment to excellence has earned us a position of prominence, not only in India, but also in the broader global landscape. We celebrate the

impact we've made and the values that have shaped our success such as integrity, innovation, teamwork, dedication and collaboration" he added.

Mr. Shetty stated "as we look to the future, we are more determined than ever to build on our accomplishments in terms of quality Agro inputs. The next chapter of our story will be one of continued innovation, expansion, and a deepened commitment to our future goals in Agri technology, such as enhancing sustainability, diversity, digital transformation and community engagement etc. We are excited to build further ahead, driven by a clear vision and guided by the lessons of our rich history".

Shri. Ram Nath Thakur, Hon Minister for State, Agriculture and Farmer Welfare Government of India stressed on the need for supporting the country's farming community in adopting sustainable farming practices. He urged Multiplex and other organic fertilizer manufacturers to focus on providing innovation and cost effective solutions for farming,

Minister for Agriculture, Government of Karnataka, Shri. N. Cheluvarayaswamy said that the Indian farmers need to adopt organic fertilizers and natural farming, He also lauded the effort of Multiplex Group, a company from Karnataka leading the way in bio fertilizers in the country.

[Multiplex Group celebrates 50 years of Innovations in Agriculture](#)

Multiplex Group, one of the leading agricultural companies in India, celebrated its 50th anniversary today. **Shri. Giriraj Singh, Minister of Textiles, Government of India**, along with **Shri. Ram Nath Thakur**, Hon Minister for State, Agriculture and Farmer Welfare Government of India, **Shri. N. Chaluvarya Swamy**, Minister of Agriculture Government of Karnataka, **HRH Prince Saud bin Abdul Aziz Bin Abdullah bin Saud**, Prince of Saudi Arabia, **Shri. Mohamed Ahmed Awaleh**, Minister of Agriculture, Republic of Djibouti, **Shri. T. B. Jayachandra**, Former Minister, Government of Karnataka, **Dr. G P Shetty**, Founder Multiplex Group and **Shri Mahesh G Shetty**, Managing Director of Multiplex Group of Companies inaugurated the Golden Jubilee celebrations of the Multiplex group today in the city.

While delivering the inaugural speech **Shri. Giriraj Singh, Minister of Textiles, Government of India** said that country will develop through innovation in farming. Bio-fertilizer is the future and the right way to approach farming. He said that the world is moving towards sustainable farming and about 110 million hector is under natural farming across the world, while in India the area under sustainable farming is about 3.6 million hectares.

He said that about 20 to 27% of the Indian farmers currently uses green and organic fertilizers which is about the same ratio as the world. Multiplex is leading the way in production of organic fertilizers. According to him we need to stop using chemical fertilizers as it is both harmful to the soil and human health, for a healthy India organic is the way.

Shri Giriraj Singh stated that the government of India's goal is to become carbon neutral by 2030 and by 2070 the country will be carbon negative. Bio-fertilizers, sustainable farming, e-tractors, e-vehicles all will help in achieving our sustainable goals.

Mahesh G Shetty, Managing Director of Multiplex Group of Companies said "As we celebrate our Golden Jubilee, we stand at a pivotal moment in our journey, reflecting on 50 years of dedication, growth, and remarkable achievements. This milestone serves as a testament to the collective efforts of all who have contributed to our legacy, from our visionary founders to our present-day leaders, farmer community, staff, dealers and stakeholders".

"Throughout the past five decades, we have transformed challenges into opportunities, making significant strides in key areas of achievement: namely Innovation, Service, Research & Development, Community development, Sustainability etc. Our unwavering commitment to excellence has earned us a position of prominence, not only in India, but also in the broader global landscape. We celebrate the impact we've made and the values that have shaped our success such as integrity, innovation, teamwork, dedication and collaboration" he added

Mr. Shetty stated "as we look to the future, we are more determined than ever to build on our accomplishments in terms of quality Agro inputs. The next chapter of our story will be one of continued innovation, expansion, and a deepened commitment to our future goals in Agri technology, such as enhancing sustainability, diversity, digital transformation and community engagement etc. We are excited to build further ahead, driven by a clear vision and guided by the lessons of our rich history".

Shri. Ram Nath Thakur, Hon Minister for State, Agriculture and Farmer Welfare Government of India stressed on the need for supporting the country's farming community in adopting sustainable farming practices. He urged Multiplex and other organic fertilizer manufacturers to focus on providing innovation and cost effective solutions for farming,

Minister for Agriculture, Government of Karnataka, **Shri. N. Cheluvaryaswamy** said that the Indian farmers need to adopt organic fertilizers and natural farming, He also lauded the effort of Multiplex Group, a company from Karnataka leading the way in bio fertilizers in the country.

THE ARYAVARTH EXPRESS

मल्टीप्लेक्स ग्रुप ने कृषि में नवाचारों के 50 वर्ष पूरे होने का जश्न मनाया

The Aryavarth Express

बैंगलुरु: भारत की अग्रणी कृषि कंपनियों में से एक मल्टीप्लेक्स ग्रुप ने आज अपनी 50वीं वर्षगांठ मनाई। भारत सरकार के कपड़ा मंत्री गिरिराज सिंह के साथ-साथ भारत सरकार के कृषि और किसान कल्याण राज्य मंत्री राम नाथ ठाकुर, कर्नाटक सरकार के कृषि मंत्री एन. चालुवरया स्वामी, सऊदी अरब के राजकुमार एचआरएच प्रिंस सऊद बिन अब्दुल अजीज बिन अब्दुल्ला बिन सऊद, जिबूती गणराज्य के कृषि मंत्री मोहम्मद अहमद अवलेह, कर्नाटक सरकार के पूर्व मंत्री टी.बी. जयचंद्र, मल्टीप्लेक्स ग्रुप के संस्थापक डॉ. जी.पी. शेटी और मल्टीप्लेक्स ग्रुप ऑफ कंपनीज के प्रबंध निदेशक महेश जी. शेटी ने आज शहर में मल्टीप्लेक्स ग्रुप के स्वर्ण जयंती समारोह का उद्घाटन किया।

उद्घाटन भाषण देते हुए भारत सरकार के कपड़ा मंत्री गिरिराज सिंह ने कहा कि खेती में नवाचार के माध्यम से देश का विकास होगा। जैव उर्वरक भविष्य है और खेती का सही तरीका है। उन्होंने कहा कि दुनिया टिकाऊ खेती की ओर बढ़ रही है और दुनिया भर में लगभग 110 मिलियन हेक्टेयर प्राकृतिक खेती के अंतर्गत है, जबकि भारत में टिकाऊ खेती के अंतर्गत लगभग 3.6 मिलियन हेक्टेयर क्षेत्र है। उन्होंने कहा कि वर्तमान में लगभग 20 से 27% भारतीय किसान हरित और जैविक उर्वरकों का उपयोग करते हैं, जो दुनिया के लगभग समान अनुपात है। मल्टीप्लेक्स जैविक उर्वरकों के उत्पादन में अग्रणी है। उनके अनुसार हमें रासायनिक खादों का उपयोग बंद करने की आवश्यकता है क्योंकि यह मिट्टी और मानव स्वास्थ्य दोनों के लिए हानिकारक है, स्वस्थ भारत के लिए जैविक ही एकमात्र रास्ता है। गिरिराज सिंह ने कहा कि भारत सरकार का लक्ष्य 2030 तक कार्बन न्यूट्रल बनना है और 2070 तक देश कार्बन नेगेटिव हो जाएगा। जैव-उर्वरक, टिकाऊ खेती, ई-ट्रैक्टर, ई-वाहन सभी हमारे टिकाऊ लक्ष्यों को प्राप्त करने में मदद करेंगे।

मल्टीप्लेक्स ग्रुप ऑफ कंपनीज के प्रबंध निदेशक महेश जी शेटी ने कहा, “जैसा कि हम अपनी स्वर्ण जयंती मनाते हैं, हम अपनी यात्रा के एक महत्वपूर्ण क्षण में खड़े हैं, जो 50 वर्षों के समर्पण, विकास और उल्लेखनीय उपलब्धियों को दर्शाता है। यह मील का पत्थर हमारे दूरदर्शी संस्थापकों से लेकर हमारे वर्तमान नेताओं, किसान समुदाय, कर्मचारियों, डीलरों और हितधारकों तक हमारी विरासत में योगदान देने वाले सभी लोगों के सामूहिक प्रयासों का प्रमाण है।” “पिछले पांच दशकों में, हमने चुनौतियों को अवसरों में बदल दिया है, उपलब्धि के प्रमुख क्षेत्रों में महत्वपूर्ण प्रगति की है: अर्थात् नवाचार, सेवा, अनुसंधान और विकास, सामुदायिक विकास, स्थिरता आदि। उत्कृष्टता के प्रति हमारी अटूट प्रतिबद्धता ने हमें न केवल भारत में, बल्कि व्यापक वैश्विक परिदृश्य में भी प्रमुखता का स्थान दिलाया है।

हम अपने द्वारा किए गए प्रभाव और उन मूल्यों का जश्न मनाते हैं, जिन्होंने हमारी सफलता को आकार दिया है जैसे कि अखंडता, नवाचार, टीमवर्क, समर्पण और सहयोग। शेटी ने कहा, “जैसा कि हम भविष्य की

ओर देखते हैं, हम गुणवत्तापूर्ण कृषि इनपुट के मामले में अपनी उपलब्धियों को आगे बढ़ाने के लिए पहले से कहीं अधिक दृढ़ हैं। हमारी कहानी का अगला अध्याय निरंतर नवाचार, विस्तार और कृषि प्रौद्योगिकी में हमारे भविष्य के लक्ष्यों के प्रति गहरी प्रतिबद्धता से भरा होगा, जैसे कि स्थिरता, विविधता, डिजिटल परिवर्तन और सामुदायिक जुड़ाव आदि को बढ़ाना।

हम एक स्पष्ट दृष्टि से प्रेरित और अपने समृद्ध इतिहास के सबक से निर्देशित होकर आगे बढ़ने के लिए उत्साहित हैं।” राम नाथ ठाकुर, माननीय राज्य मंत्री, कृषि और किसान कल्याण भारत सरकार ने देश के कृषक समुदाय को स्थायी कृषि पद्धतियों को अपनाने में सहायता करने की आवश्यकता पर बल दिया। उन्होंने मल्टीप्लेक्स और अन्य जैविक उर्वरक निर्माताओं से खेती के लिए नवाचार और लागत प्रभावी समाधान प्रदान करने पर ध्यान केंद्रित करने का आग्रह किया।

कर्नाटक सरकार के कृषि मंत्री एन. चेलुवरायस्वामी ने कहा कि भारतीय किसानों को जैविक उर्वरकों और प्राकृतिक खेती को अपनाने की जरूरत है। उन्होंने कर्नाटक की एक कंपनी मल्टीप्लेक्स ग्रुप के प्रयासों की भी सराहना की, जो देश में जैव उर्वरकों के क्षेत्र में अग्रणी है। मल्टीप्लेक्स ग्रुप 1974 में अपनी स्थापना के बाद से कृषि क्षेत्र में सबसे आगे रहा है। उद्योग के नेताओं के रूप में, कंपनी कृषि इनपुट की एक व्यापक श्रृंखला के निर्माण और वितरण में विशेषज्ञता रखती है। मल्टीप्लेक्स पोर्टफोलियो में उर्वरक, कीटनाशक, पोषक तत्व (प्रमुख और गौण दोनों), जैविक खाद, जैव-उर्वरक, जैव-कीटनाशक और जैव-उत्तेजक शामिल हैं। मल्टीप्लेक्स उत्पादों की पहुंच जापान, कोरिया, इथियोपिया, जिबूती, श्रीलंका और विभिन्न अरब देशों सहित 17 से अधिक देशों तक फैली हुई है।

Bengaluru, 19 September 2024: Multiplex Group, one of the leading agricultural companies in India, celebrated its 50th anniversary today. Shri. Giriraj Singh, Minister of Textiles, Government of India, along with Shri. Ram Nath Thakur, Hon Minister for State, Agriculture and Farmer Welfare Government of India, Shri. N. Chaluvarya Swamy, Minister of Agriculture Government of Karnataka, His Royal Highness Prince Saud bin Abdul Aziz Bin Abdullah bin Saud, Prince of Saudi Arabia, Shri. Mohamed Ahmed Awaleh, Minister of Agriculture, Republic of Djibouti, Shri. T. B. Jayachandra, Former Minister, Government of Karnataka, Dr. G P Shetty, Founder of Multiplex Group, and Shri Mahesh G Shetty, Managing Director of Multiplex Group of Companies inaugurated the Golden Jubilee celebrations of the Multiplex group today in the city.

While delivering the inaugural speech Shri. Giriraj Singh, Minister of Textiles, Government of India said that the country will develop through innovation in farming. Bio-fertilizer is the future and the right way to approach farming. He said that the world is moving towards sustainable farming and about 110 million hectares is under natural farming across the world, while in India the area under sustainable farming is about 3.6 million hectors.

He said that about 20 to 27% of the Indian farmers currently uses green and organic fertilizers which is about the same ratio as the world. Multiplex is leading the way in the production of organic fertilizers. According to him, we need to stop using chemical fertilizers as it is both harmful to the soil and human health, for a healthy India organic is the way.

Shri Giriraj Singh stated that the government of India's goal is to become carbon neutral by 2030 and by 2070 the country will be carbon negative. Bio-fertilizers, sustainable farming, e-tractors, and e-vehicles all will help in achieving our sustainable goals.

Mahesh G Shetty, Managing Director of Multiplex Group of Companies said "As we celebrate our Golden Jubilee, we stand at a pivotal moment in our journey, reflecting on 50 years of dedication, growth, and remarkable achievements. This milestone serves as a testament to the collective efforts of all who have contributed to our legacy, from our visionary founders to our present-day leaders, farmer community, staff, dealers and stakeholders".

"Throughout the past five decades, we have transformed challenges into opportunities, making significant strides in key areas of achievement: namely Innovation, Service, Research & Development, Community development, Sustainability etc. Our unwavering commitment to excellence has earned us a position of prominence, not only in India, but also in the broader global landscape. We celebrate the impact we've made and the values that have shaped our success such as integrity, innovation, teamwork, dedication and collaboration" he added

Mr. Shetty stated "as we look to the future, we are more determined than ever to build on our accomplishments in terms of quality Agro inputs. The next chapter of our story will be one of continued innovation, expansion, and a deepened commitment to our future goals in Agri technology, such as enhancing sustainability, diversity, digital transformation and community engagement etc. We are excited to build further ahead, driven by a clear vision and guided by the lessons of our rich history".

Shri. Ram Nath Thakur, Hon Minister for State, Agriculture and Farmer Welfare Government of India stressed on the need for supporting the country's farming community in adopting sustainable farming practices. He urged Multiplex and other organic fertilizer manufacturers to focus on providing innovation and cost-effective solutions for farming,
